SUMMARY

B.E Computer Science Engineer passionate about building innovative projects using modern technologies. Strong foundation in software development with a continuous learning mindset. Committed to contributing to impactful projects and staying ahead of industry trends.

SKILLS

Frontend: React.js, HTML, CSS, Tailwind CSS, JavaScript
Backend: Java, Hibernate, Spring Boot
Databases: MySQL, Firebase
Tools & DevOps: Git, GitHub, Maven, VS Code

INTERNSHIP

Main Flow Services and Technologies Pvt. Ltd.

MERN Stack Intern   07/2024 to 09/2024

- Collaborated with the development team to design, build, and maintain web applications using the MERN stack (MongoDB, Express.js, React.js, and Node.js).
- Contributed to front-end and back-end development, database management, and debugging tasks to support project success.

Acmegrade Pvt. Ltd.

Web Development Intern   01/2024 to 03/2024

- Assisted in creating and maintaining websites, implementing new features, and troubleshooting issues to improve user experience.
- Worked closely with the development team to learn new technologies and contribute to various web development projects.

EDUCATION

Bachelor's in Computer Science and Engineering   **2021-2025**
JCT College of Engineering and Technology, Coimbatore   CGPA-7.88
Higher Secondary Education – Math's Computer   **2019-2021**
St. Thomas Matriculation Higher Secondary School, Ayyankolly, The Nilgiris   Percentage-83%

PROJECTS

FirstAid.AI | React.js, TensorFlow, Leaflet.js, Firebase

Developed FirstAid.AI, an innovative web application that leverages artificial intelligence to provide real-time first aid guidance and emergency assistance with 85% accuracy. This project highlights my ability to integrate advanced technologies like AI, geolocation, and cloud-based database to create practical solution.

Instagram-Clone | Html, CSS, JavaScript

Developed a responsive web app mimicking Instagram's core features, highlighting my front-end skills. Focused on a user-friendly interface and seamless experience.

Interior-V | Html, CSS, JavaScript

Designed and developed Interior-V, a sleek and modern e-commerce platform tailored for showcasing and selling interior design products. This project demonstrates my ability to create visually appealing, user-friendly, and responsive web applications for online retail.
